When I took the President's letter to Chancellor this evening, he read it attentively and commented "you know my views already. I agree entirely with the President". He added that he thought the President had given Khrushchev more than ample time to carry out his pledges, and that Soviets must be made to realize that Cuban solution was test of their professed desire for peaceful solutions. In conclusion, Adenauer asked me to thank the President for keeping him currently informed. In accordance this afternoon's telecon, I told him of Cuban radio report of Castro's letter to U Thant re bombers, but cautioned there had been no confirmation as yet.
